自东阀业是集设计、铸造、生产、销售、服务于一体的阀门专业制造商，自创建以来，始终深知客户需求为导向，以让利合作伙伴为发展目标，高度重视推行质量成本管理。

在世界经济日趋一体化的今天，公司已构筑了既有竞争又有经济效益——以水力控制阀、暖通阀门、消防阀门、蝶阀、减压阀、闸阀六大类和可选择的各种材质、多种选择方式、驱动形式、压力、温度等级、适用各种介质规格齐全、品种繁多的产品结构。以智能控制化、产品系列化、功能多级化、规格大型化、环保节能等高科技产品投放市场。

我们将遵循“追求卓越无止境、超越自我无极限”的企业理念，循序进取。决意在全球化市场竞争中，以超人的智慧、胆识、魅力，诚信勇夺业内之首，跻身世界强林之中。以“一切为用户，服务乃天职”的宗旨，开创未来，笑迎天下客、广交天下友。

我们将以求实、真诚、双赢迎来再度辉煌，回报社会、奉献于用户。

Zi Dong Valve is a professional valve manufacturer that integrates design, casting, production, sales, and service. Since its establishment, the company has always been deeply aware that customer needs should be the guiding principle, with the goal of benefiting its partners and highly valuing the implementation of quality cost management.

Today, in the increasingly integrated world economy, the company has built a competitive and economically efficient structure, with six major categories of products, including hydraulic control valves, HVAC valves, fire protection valves, butterfly valves, pressure reducing valves, and gate valves. Customers can choose from a variety of materials, selection methods, driving forms, pressure and temperature levels, and suitable specifications for various media, with a wide range of product structures. The company also offers high-tech products such as intelligent control, product series, multi-level functions, large-scale specifications, and environmental protection and energy conservation for market deployment.

We will adhere to the corporate philosophy of "the pursuit of excellence is endless, and self-transcendence is limitless," and make progressive advances. We are determined to compete in the global market with our superhuman intelligence, courage, and charm, and win the top spot in the industry with integrity. With the aim of "everything for the user, service is our duty," we will create the future and welcome customers from all over the world and make friends worldwide.

We will welcome a return to glory with pragmatism, sincerity, and win-win situations, and contribute to society and users.
